You accept the Agreement in full through the ongoing use of our Services. Either of the documents (Terms and Conditions and Fair Access Policy) may be amended and will be updated on our website. Your continued use of the Service for more than 30 days after either amended document is updated on our website is your explicit and complete agreement to the current Terms and Conditions and Fair Access Policy.

- (f) If you select our Installers to carry-out a Professional Installation, they will usually activate the Services and connect a single computer (or wireless router if purchased from us).
- (g) This Agreement will have a minimum contract duration (or "Minimum Period"). Most commonly this is 30 days for outright purchase of hardware or 24 months where hardware is leased. In addition, the following terms of the sub-clauses (a) to (d) immediately below apply when you select us to carry out a Professional Installation and we, or one of our approved partners, carries out your Installation
 - a. The Installer is responsible for taking reasonable care when installing the Equipment. If you become aware of a problem arising from your installation, you should notify our Installer whilst he is present or you can contact us by telephone to notify us.

- (e) As long as we have notified you in advance of the agreed installation date either by email or telephone, if you are not at the agreed place of installation on the agreed date and time when we either seek to deliver the equipment or carry-out the installation, we reserve the right to charge you an additional Installation fee for the redelivery or installation of the Equipment or any return visit required including that arising due to insufficient time available on your initial installation date to complete the installation due to your absence or late arrival on site. Any such Charges will be notified by us to you in writing and will be, in our sole opinion, such additional sums as we consider being reasonable in the circumstances.
- (f) If you procure your own installer or if your Package supports self-install, you are fully responsible for the completion of your installation. We are not obliged to provide additional assistance to you or a 3rd party installer.
- (g) In the event that you choose self-installation or procure your own installer, you agree that you will complete the installation within 14 days from receipt of the Equipment. You agree that we are entitled to start to charge for the Services including the Monthly Service charge from this point whether you have completed the installation or not as long as we are not responsible in way for failure to complete the installation for example, being required to replace faulty Equipment.
- (h) Our liability to you for any damages or losses whatsoever suffered by you as a result of delayed, cancelled or incomplete installation will not exceed the value of the Installation fee that you have agreed to pay. You accept that you will have no additional rights to terminate this Agreement early on the basis of late or incomplete installation or delivery provided that we have provided you with an alternative date to complete the installation.

7. PAYMENT FOR THE EQUIPMENT AND SERVICES

- (b) The Upfront Charges for the Services are those set out in our order confirmation email or our websites or those of any authorised third party partners. We will normally require you to pay the Upfront Charges before your Installation. Any Equipment being purchased outright by you remains our property until you have paid for it in full. Where the Upfront Charges for Equipment and Installation have not been settled on demand, we retain the right to delay or postpone the agreed installation date and/or to demand the return of any Equipment that we had provided to you in good faith in order to facilitate the delivery of the Services.
- (c) You must pay all the Charges that are due, together with any Value Added Tax and/or any other applicable taxes. Unless we agree otherwise, we will bill you one billing period in advance for the Services together with any outstanding Charges for Services activated but not charged during any previous billing period. You must pay the Charges in full by the Due Date without any deduction of any sort or any counterclaim. You will be liable for the Monthly Service Charges from the day on which we first make the Services available to you or otherwise in accordance with this Agreement. You agree that you are liable for any Charges incurred irrespective of whether those Charges were incurred by you or anybody else using the Equipment and the Services with or without your consent. We may vary our Charges from time to time and we may also alter your billing date or billing frequency/period. Any such changes will be provided with a minimum of 14 days written notice from us to you.
- (d) Our required method of payment for on-going Charges is by Direct Debit. It is your responsibility to provide us with a properly completed Direct Debit mandate in a timely manner. In the event that we are unable to receive payment for the Charges via Direct Debit for any reason that is not of our making, you provide your consent to us collecting payment by any other method including the use of other direct payment methods or using debit or credit card information that you have previously provided to us at any time. Payment for on-going Charges other than by Direct Debit may incur a handling charge of up to £25 per transaction plus a 3% surcharge per credit or debit Card transactions. Such charges represent additional costs incurred by us processing such payments plus the additional administration costs and 3rd party charges incurred using other payment methods.
- (e) With most Packages you have the option to upgrade or downgrade your Service with the same Satellite Operator. Many of our promotional offers require you to maintain the Service level that you initially ordered from us for the minimum contract period. It is common that the higher-level Packages receive larger initial discounts. If you upgrade to a higher tier at any time, there is no upgrade charge but you will not be entitled to any retrospective promotional discounts. If you wish to downgrade during the promotional period we will charge you the difference between the relevant Charges that applied at the point of Order for your initial and new Packages. We may also offer from time to time, promotional discounted Charges for a specific period of time after which time the Charges will automatically revert to the higher notified rate, normally our standard Recommended Retail Rate ("RRP"). Such rates will be included on our website for all current Packages. If you wish us to change the level of Service by requesting such a change in writing, such changes are subject to the following terms.
- Only one downgrade request per month can be processed, this will normally be the last request that we receive in any month. The last modification recorded during the month will become effective from the first day of your next data cycle which is linked to your original installation date.
 - In case of downgrade from a higher to lower Package a Downgrade Fee will be chargeable.
 - If you ask us to downgrade from a Package that requires a Minimum Period to qualify, at our sole discretion, we may provide you with a specific one-off Charge to Downgrade your Service. We may also require that you commit to a new Minimum Period, normally being equal to the original Minimum Period.
- (f) We will normally provide you with a payment schedule, via email. Any other Charges including Charges for any Services used at any earlier time if they have not previously been charged for (eg. Package upgrades during a previous billing period charged in advance) will be added. As such, it is an important condition of this Agreement that you provide us with, and maintain at all times, a current email address that we can use for all communications with you. We reserve the right to charge an administration fee of £10 if you request us to re-send any document electronically. If you request a physical copy to be mailed or faxed, there is a charge of £20 per event.
- (g) If we have tried to collect a payment on the Due Date and it has not been received by us within a further 5 working days, your account will be considered to be delinquent and the Services may be temporarily or permanently (following two or more payment failures) disconnected. If we agree to re-connect your Services, there will be a reconnection charge of up to £25 plus VAT that you must pay before your Services are restored. Restoration of your Services may take up to three working days from the day we receive full payment of any outstanding Charges.
- (h) Furthermore, if you default in the payment of any monies more than 5 working days from the Due Date, we reserve the right to charge interest at 3% per annum above the Barclays Bank plc interest base rate from time to time on all overdue Charges from the Due Date until the payment is made in full.

- (i) We reserve the right to vary the Charges for the Services, the Equipment, the Installation and any other Charges relevant to your Service. If the charges are increasing, we will give you at least 14 days written notice. This does not include changes arising from any promotional offers such as the reversion to RRP after the period of any Promotional Discount expires. Where we have increased our RRP for Monthly Service Charges to you by more than 15% in any 12 month period (unless such change was a specific term of a promotional offer that you accepted), you may cancel this Agreement by giving us 30 days notice in writing, however you are still liable for the balance on your account including, but not limited to Monthly Service Charges, Equipment Rental, our Equipment return or any other Charges due under this Agreement up to the date of termination.
- (j) After the Minimum Period has expired, if you terminate this Agreement or any of the Services between the dates when we issue bills to you, you must pay all Charges which have accrued since the last bill was calculated and the proportion of any Service charges which will accrued up the proper termination date.
- (k) Whilst Charges remain outstanding beyond the Due Date and/or your account is suspended or delinquent, we are not obligated to process any changes to the level of Services that you receive and we can suspend technical support to you until all overdue Charges are received by us.
- (l) Save as expressly set out in this Agreement, you shall not suspend payments under this Agreement, as a result of faults and/or defects of the service.
- (m) All of our prices will clearly state the currency that they are quoted are in and that they are inclusive of VAT or other relevant taxes at the prevailing rate, unless otherwise stated.
- (n) If you default (ie. settle the Charges after the Due Date) twice in any rolling 12-month period, we have the right to require you to pay for the Charges quarterly in advance without discount.

8. FAIR ACCESS POLICY (“FAP”)

The Fair Access Policy is set by the Satellite Operator and they have the right to vary the FAP at any time. Therefore we will always make the current policies available on our website. If you exceed any data usage thresholds set-out in the prevailing FAP for your Package or utilise applications or traffic that we or the Satellite Operator deems it necessary to manage more actively (sometimes referred to as ‘Congestion Management’), this will result in some or all of your data usage being restricted. This will mean that you will see maximum achievable speeds slowed, significantly at peak times, beyond any normal speed fluctuations that will be encountered on the network by way of overall customer traffic.

- (a) The Fair Access Policy is defined by each Satellite Operator to enable the highest quality internet access service via their satellite allowing the most consistent customer experience as measured across all customers. The implementation of the FAP determines the management of your Satellite Broadband Services to prevent any unfair and/or unacceptable use of the network by individual customers as determined by the Satellite Operator. You are subject to the prevailing FAP determined by the relevant Satellite Operator during the lifetime of this Agreement.
- (b) The detailed and prevailing FAP will always be shown on our website. In the event of conflict between the Fair Access Policy and this section 8, the Fair Access Policy shown on our website shall take precedent.
- (c) At all times, the Satellite Operator will measure the volume of inbound and outbound data generated by your system. This data volume is usually aggregated over one or more specific periods eg. peak time, daily, weekly or monthly. This data volume may be compared with the prevailing thresholds defined in the FAP for your specific Package. If any specified threshold has been reached (including standard monthly data limit) or the data volume is considered excessive by us over any time period as compared to average users, you may be classified as a Heavy User. As a result, the upload and download speed of your Service may be actively managed and may also be restricted (sometimes referred to as deprioritising or throttling). This will be most active at peak usage times. These restrictions will be automatically removed once you are no longer classified as a Heavy User.
- (d) The FAP thresholds will normally depend upon your Package. It is your responsibility to ensure that you are fully aware of the thresholds within the FAP for your chosen Package.
- (e) FAP policies and restrictions are ultimately governed and controlled solely by each Satellite Operator and we cannot change any restriction or traffic management applied to your Service due to the breach of any relevant FAP thresholds in place at any time.
- (f) The Satellite Operator has the right to implement changes to the FAP from time to time, where it is judged, in their sole reasonable opinion that such changes will be to the benefit of any relevant user group as a whole. In normal circumstances, we will promptly update the detailed Fair Access Policy statement on our website once notified.
- (g) Depending on your Package, you may have the option to purchase additional data within any period. Further details of additional data options (“Tokens” or “Booster Tokens”) can be found on our website. Alternatively, you may upgrade your Service to a higher level, if available. There is no Charge to upgrade your Service Level, only the relevant RRP of the Monthly Service Charge for your new Package.

9. SUSPENDING OR DISCONNECTING THE SERVICES

- (a) We may at any time:
- a. Temporarily suspend the Services for repair or maintenance or temporarily provide replacement Services or Equipment of a similar functionality to those previously supplied; or
 - b. Give you instructions on how to use or vary the Services (which you agree to comply with) where we reasonably consider such instructions are provided to you in the interests of safety, the maintenance of service quality or the overall benefit of other users.
 - c. Before doing either of these things we will endeavour to contact you via the current email address that you have provided to us and if relevant, we will take all reasonable measures within also aim to restore the Services as soon as reasonably practicable after any temporary suspension.
- (b) We may suspend all or any part of the Services without warning:
- a. In an emergency;
 - b. When we are required to by the Satellite Operator or any other third party whose systems we use to provide the Services;
 - c. When we are required to by the police or 3rd party with legal authority to make such a request;
 - d. If you do not adhere to the conditions of this Agreement;
 - e. You physically or verbally threaten or abuse any of our staff;
 - f. If you do not pay all Charges due to us by the Due Date.
- (c) We reserve the right to Charge you a re-connection fee where you have contributed to the suspension of the Services.
- (d) In certain circumstances where we reasonably consider that the reconnection of your Service will be to the ongoing and overall detriment of other users of the service or in the event that the Satellite Operator refuses to re-connect your system preventing us from supplying the Service to you, we shall be entitled to terminate your service. You will not be liable for any Monthly Charges beyond the point of permanent disconnection. We will also in these specific circumstances take responsibility for collecting the Equipment from you without charge unless you fail to make available to us for collection all of the Equipment in full working order and in good condition in which case we shall be able to charge for damage or replacement as set out within this Agreement.

10. ENDING THE AGREEMENT

- (a) Either Party can cancel this Agreement immediately if any of the following happens:
- a. The other breaks an important condition of this Agreement or several less important conditions and does not put it right within 21 days of written notice to do so;
 - b. After the Minimum Period on provision of 30 days written notice to the other.
- (b) In addition, we may end this Agreement at any time if the Satellite Operator is unable or unwilling to make such Services available to us or unwilling for any reason to make their service available for us to continue to supply you specifically, providing that we give you 30 days written notice.
- (c) At the end of the Agreement if validly terminated by us, you must pay any Charges that are due to the end of the Agreement or the point at which we cease to deliver the Services whichever is earlier. If you properly terminate the Agreement, you must pay any valid Charges up to the point that the Agreement is properly terminated.

This is commonly referred to as the "Cooling Off Period":-
- a. You must provide to us a clear and unambiguous statement that you wish to cancel (eg. a letter sent by post, a fax or an email). Our preference is to receive this in writing to our main contact office using the cancellation form template shown at Appendix 1 (the "Cancellation Notice").
 - b. You have up to fourteen (14) calendar days after you placed your Order for Services with us to change your mind and cancel your Order. Within this period if we have, with your explicit agreement, already delivered Services (including Account set-up, Activation, Installation and Monthly Service charges) we are entitled to charge you for the Services already delivered up to the point of cancellation.

- c. Where you have purchased goods (eg. purchased any part of the Equipment outright), you have the right to choose to return those goods up to fourteen (14) calendar days after you receive the goods. If you have paid any specific delivery charges for goods that you have purchased, you will still be liable for them.

Any agreed charges that we incur will be deducted from any refunds that may be due to you.
- (d) You are responsible for returning all of the Equipment that we have requested within 14 days from the date of cancellation. When all of the Equipment is received by us at our head office, we will promptly test and inspect the Equipment. All items of Equipment purchased by you and used will incur a 20% impairment charge. In addition, any Equipment reasonably deemed by us to be damaged, de-faced or in any other way faulty taking into account the age of the Equipment, such fault not arising through our liability or by way of Equipment failure, we will raise a Charge equivalent to the reduction in value of the impaired Equipment whether by way of replacement or repair, whichever is the lower plus our reasonable administration costs.
- (e) We will provide you with a final invoice detailing all refunds due to you, any Charges arising from the cancellation as set-out above and the net balance payable to you or due to us. We will either collect any sums due to us or refund any balance due to you within 14 days of completing our inspection of the Equipment (or from the date that you provide proof of delivery). In the event that there is a net balance due to us, we may use any method of payment that you have previously provided to us including Debit or Credit Card instruction.
